TOWN CENTRE

The Town Centre Programme (Stage 1) offers work experience opportunities for people looking to develop workplace skills for the future. The programme gives participants the opportunity to develop basic manual skills through maintaining the general upkeep of the Town Centre. In addition, participants engage in group activities and one-to-one support. The programme provides structure, routine, builds confidence, supports participants to work as a team and own initiative, and set goals for the future.

PAVE

PAVE (Pathways for Adults Volunteering in Education) is an 8 week programme that gives participants an opportunity to volunteer within a school setting, either within the classroom or supporting with clerical tasks within the school office. Participants will gain an employability related qualification at SCQF Level 4 as well as work-based qualifications including Emergency First Aid at Work. Participants will be supported by an Employability Officer to develop CVs, complete job applications and plan a structured pathway to future employment.

Driving Theory / CSCS | Grain Exchange, Ayr | 10AM - 11AM | 16+
